Summary

Aspiring Software Developer with hands-on experience building and enhancing mobile applications using Dart, Firebase, and REST APIs. Proven ability to deliver in a professional setting through an internship at Petuk Ji Pvt. Ltd. and consistent top performance in competitive hackathons. Eager to contribute to a dynamic development team to build high-quality, user-centric mobile experiences.

Experience

Flutter App Developer Intern | Petuk Ji Pvt. Ltd.   **(2 months)**

- Collaborated in the development and enhancement of two production Flutter apps, focusing on UI implementation and backend integration.
- Engineered and integrated Firebase CRUD (Create, Read, Update, Delete) operations for real-time data synchronization and management.
- Consumed REST APIs to fetch and display dynamic data from various endpoints, contributing to a responsive and feature-rich user experience.

Projects

Flutflix

- Developed a movie discovery application in Flutter that fetches and displays movie details and ratings using the **TMDB API**.
- Integrated a REST API for real-time data retrieval and implemented efficient state management for dynamic content updates and asynchronous API handling.
- Tech Stack: **Flutter, Dart, REST API, TMDB API**

SERVEASE

- Designed and built a centralized platform to connect users with local household service providers for services like home maintenance, cleaning, and personal care.
- Architected the app to support local businesses by creating a simple interface for users to find and book services. Based on Agile Methodology
- Tech Stack: **Flutter, Dart, FireStore, Geolocator**

Technical Skills

- **Languages**: Dart , C++ , Java
- **Frameworks & Tools**: Flutter , Firebase , REST API , Git , GitHub Actions & CI/CD(Basics)
- **State Management**: Provider, GetX
- **Fundamentals**: Data Structures, Algorithms, Object-Oriented Design, Operating Systems

Hackathons & Achievements

Hackblocks 1.0 | Bharati Vidyapeeth's College of Engineering

- Achieved Top 15 position , Invited to **Microsoft Office, Gurugram** to showcase our project.

HackVSIT 5.0 | North India's Biggest Hackathon

- Achieved **Top 5** placement among all participating teams.
- Developed a novel tech solution at the event hosted by Vivekananda Institute of Professional Studies.

InnovateX | E-CELL DTU, Delhi Technological University

- Secured **Top 20** position by developing a tech-driven solution to a complex problem.

Education

Bachelor of Computer Application (BCA) | CGPA: 7.5

Vivekananda Institute of Professional Studies - Pitampura, New Delhi

Leadership Experience

HR & Logistics Head | National Service Scheme (NSS)

- Managed team coordination, event planning, and logistical operations for community service initiatives
